MONITORING AND REPORTING OF SUSPICIOUS TRANSACTIONS

1. Does your bank have an established method of reporting suspicious activities/ transactions to the appropriate regulators/ laws enforcements agency?

Yes, we report to AMLO for the following transactions as required by the law: transaction that involves money equivalent to or more than Thai baht two million; transaction that involves asset equivalent to or more than Thai baht five million; transaction that is considered suspicious i.e. transaction that conducts to avoid the AML/CFT/WMD regulations or connect with the predicate offense or terrorist financing offence etc. and wire transfer transaction that equivalent to or more than Thai baht seven hundred thousand.

2. Does your bank screen customers/ transactions against lists administered by United Nations, HM, OFAC or any International organization or local authority in your country of sanctioned countries / Entities/Individuals?

Yes. Please note that we have AML/CFT/WMD policies to refuse the relationship as requires by UN sanction List, Thailand List and Other High risk Lists.

3. Do transaction monitoring systems are in place in your organization?

Yes.

a) To detect the suspicious transactions

a) We use the system to extract swift transaction to monitor the scenario that considers to be risk e.g. large amount transaction, money transfer destination is different from purchase order.

b) To screen the sanctioned / negative entities/Names

b) We collect the name of customers and related parties in the system and automatically run the screening batch against sanction lists daily.
