

EXIM Thailand Collaborates with AIS and Partner Network to Promote Efficient E-Waste Management

Mr. Charat Rattanaboonnithi, Executive Vice President of Export-Import Bank of Thailand (EXIM Thailand) and Mrs. Saichon Submakudom, Acting Head of Public Relations and Business Relations Business Unit, Advanced Info Service Public Company Limited (AIS), along with executives from both the public and private sectors, joined forces to express their commitment to efficient electronic waste (E-Waste) management at the Sirikit National Convention Center on October 11, 2023. This initiative was undertaken on International E-Waste Day 2023, under the “Thai People Without E-Waste” project led by AIS. The goal is to establish the “Hub of E-Waste in Thailand,” a sustainable knowledge center for smart electronic waste management, with the aim of showcasing Thailand's dedication and capabilities in E-Waste management to the international community.
