

EXIM Thailand Visits Client's Combined-cycle Gas-turbine Project in Myanmar

Mr. Pisit Serewiwattana (fourth left), President of Export-Import Bank of Thailand (EXIM Thailand), recently visited the 121-megawatt combined-cycle gas-turbine project developed by Toyo-Thai Corporation Public Company Limited (TTCL) and was welcomed by Mrs. Suratana Trinratana (fourth right), Chief Operation Officer (COO) and Vice President of TTCL in Yangon, Myanmar. The Bank provided 100 million US dollars loan and investment insurance service to the project to support electricity generation for sale to Myanmar's government to cater for the rising demand for power supply in the country.
