

EXIM Thailand Shares Best Practices in Advancing Organizational Excellence for Sustainable Community and Social Development

Dr. Benjarong Suwankiri, Senior Executive Vice President of Export-Import Bank of Thailand (EXIM Thailand), served as a speaker at the “TQA Winner Conference and International Quality Innovation Award Ceremony 2024,” sharing EXIM Thailand’s best practices as an organization recognized with the Thailand Quality Class Plus (TQC Plus) for Societal Contribution Award 2024 at Amari Bangkok Hotel on May 22, 2025.

EXIM Thailand reaffirmed its commitment to sustainability and long-term community development, guided by the Thailand Quality Award (TQA) framework as a key management tool for enhancing organizational excellence. The Bank integrates Environmental, Social, and Governance (ESG) principles into its business operations to strengthen Thai entrepreneurs’ capability to build responsible and sustainable businesses aligned with global trends. In support of this mission, EXIM Thailand has developed a range of financial innovations, known as “Greenovations,” including Green Bonds, Blue Bonds, and White Bonds, designed to help Thai businesses transition toward sustainable practices while enhancing their competitiveness in the evolving global trade environment. Through these efforts, EXIM Thailand continues to drive sustainable development at both national and global levels.
